Announcement regarding decision on opening of two hospices “ReHOPE”

CUC Inc. (Minato-ku, Tokyo; Representative Director: Keita Hamaguchi; “CUC”) is pleased to announce that its subsidiary, CUC HOSPICE Inc. (Minato-ku, Tokyo; Representative Director: Masaaki Inoue, “CUC Hospice”), which operates hospice business, has decided to open two hospices, “ReHOPE” , in Hyogo prefectures in January 2025 and in Okayama in February 2025.

ReHOPE is a nursing home in which nurses and caregivers provide round-the-clock care in order to alleviate physical and mental suffering. Since its establishment in 2017, CUC Hospice has been expanding hospices across the country to enable people with terminal cancer, neurological intractable diseases, and other medical conditions who are highly dependent on medical care to spend their final days while living their own lives in their own familiar communities. We will continue to accelerate the opening of new facilities throughout Japan and provide services that meet even more medical and nursing care needs.
